

**WE INVITE
SCIENTISTS AND PhD CANDIDATES TO
PUBLISH THEIR RESEARCHES IN THE
SCIENTIFIC JOURNAL «EcoSoEn
(Economics, Social and Engineering Sciences)»**

«EcoSoEn (Economics, Social and Engineering Sciences)» Journal publishes articles about original and previously unpublished researches in the field of economics, sociology and psychology, engineering, informatics, etc.

The decision to publish is made by the editorial board of the journal after the researches are reviewed and checked for plagiarism. The rejected articles will not be reconsidered by the editorial board.

The editorial board will not enter into debate with the authors of the rejected articles.

The articles, which did not pass the review, will not be returned to the authors.

The articles are published in Romanian, Russian, English, French and German languages.

Frequency of publication – 4 issues per year (paper and electronic version).

Requirements for articles:

The volume of the text will be of **15000** to 40000 symbols, including intervals and footnotes (from 0,3 to 1,0 a.sh.).

Technical requirements of when drafting the text:

Font: Times New Roman, font size – 12, position of the page – justified – for entire text.

Margins: 2 cm from all sides.

Spacing: 1,0 (single).

Indentation – 1,25.

Text: one column on the page.

The first (cover) page of the article has to display the following information:

1. Universal Decimal Classification (UDC) Code, bold, left alignment. In order to assign UDC code to the copyright material, please check online UDC directory <https://teacode.com/online/udc/> <http://www.udcsummary.info/php/index.php>

2. *Title of the article*, upper case letters, bold, center alignment, in the language of the article and in English language, after UDC.

3. *Surname and first name of the author*, italic, right alignment, over a line, after “Title”.

4. *Information about author*: academic degree, position, place of work, city, country. It is written after the surname and first name of the author, italic, right alignment.

5. *Annotation to the article*.

The word «Annotation» - bold, left alignment, a colon is put after this phrase, over line, after «Information about author». The text of

annotation: 500–800 symbols with spaces, italic, justified alignment.

The annotation is written in two languages in the following order: *the first – in the language of the article – English language, the second – in the Romanian or Russian language*.

6. *Keywords* (from 5 to 8). They are placed under “Annotation”. The phrase «Keywords»: s written with bold, left alignment, followed by a colon. The key words are written after the phrase “Keywords” in the same line, followed by a colon.

The keywords are written in two languages in the following way: *the first – in the language of the article – English language, the second – in the Romanian or Russian language*.

7. *Main text* is divided into following parts:

1. *Introduction*

2. *Materials and methods of research*

3. *Results and considerations*

4. *Conclusions*

Section headers typesetting – bold, centered alignment.

9. *Bibliography* is given at the end of the article and it is entitled “Bibliography” - bold, centered alignment. The list of literature is made in alphabetical order. It is indicated first the sources of Roman languages (with Latin letters), Russian language (with Cyrillic letters) and the electronic sources.

When referring to bibliography, the source is indicated in square brackets, the page is also indicated.

Example: [5, c.17]

10. Tables typesetting.

Each table must be numbered and have a header. The number and header of the table are aligned in the center of the page *with referring to bibliography*.

Example:

Table 1. Name [13, c.123]

11. Graphical elements drawing.

The graphical elements have to be displayed through «Microsoft Graph» or «Excel», without using scanning.

The graphical elements have to be as image or grouped objects.

The graphical elements do not have go beyond the margins of the page and overpass one page.

Each object has to be numbered and have a header. The number and header of the object will be written under the object *with referring to bibliography*. The number is typeset as “Figura 1”, center alignment. The name follows this phrase in the same line.

Example:

Figura 1. Name [13, c.123]

12. Formulas drawing

Mathematic formulas are drawn through equation editor «Microsoft Equation». Their numbering is aligned on right in parentheses.

Example:

$$\phi = \frac{\rho}{\rho_i} 100\% \quad (1)$$

There must be appended to the article:

– information about author/authors (in English language): surname, first name, academic title, academic degree, position, place of work (denomination of university, organization, country), electronic address of each (all these

data are indicated after bibliography for the editorial board).
